Wonderful Ideas

Elkeseley Street of the future Elizabeth.

Child's Name Elizabeth Baines

Class 2

Teachers Name Miss Lyran

There are ^{pressure} presher pad. So if people are speeding on ^{alarm} ^{sounds} alarm goes off and their ^{on} ^{are} ^{are} ^{pressure} reg come on a siren and flashes. There is humps be hind the presher pads. So when people go over the humps. Some people go very fast over the humps, the presher pad is in front of the humps. The ^{lit} cats eyes are ~~are~~ lit up by the cars head lights and from the sun in the day.

↑
charging ✓

Super idea.

Elizabeth

The laser lights are
elumes at night and normal
in the day. Next, the lights
have a little stand of a
golden solar panel next
to the road by the wall.

You have really thought your ideas
through carefully.

①

Think about sensible starters.

I have the idea of the traffic calming. Super!

Elkresley the Street of the Future.

When the cars go past the speed bumps and they are going to fast they tell you how fast you are going and the camera flashes and see you're well.

Some very interesting points
made in your letter Elizabeth.
Thank you for thinking about
sentence starters.

Dear, councillors

In class 2 we have been
discussing about Elkesley's
street. ~~and~~ Class 2, ~~wants~~
want to know if we
can have ~~an~~ the bypass
quicker. ~~be so~~ because
~~at~~ Elkesley is getting to
~~bussy~~ be a point where
people have live in Elkesley
cannot get in to the village
very very easily because
the A1 is very busy.

You are putting us kids
in danger. Next can we
have some new things
to play on because some
~~people~~ kids go to the park
and lots of Tugford people
are there so that us
kids cannot play on it
because ~~the~~ Tugford people
are surrounding the equipment.
Thirdly can we have
some more homes because
some people come and
look at our school
and might want to live
~~there~~ ^{here} ~~as~~ As well
can we have a biking
~~ing~~ path so people can
go biking and on bike
rides as well because
biking is a sport and
~~if~~ ~~for~~ ~~otherly~~ can we have
some activities in the village
because, ~~our~~ village is very
dull. from Elizabeth Baines

Charley

Thank you for
putting your ideas
across so clearly

Dear Councillors,

In class 2 we have been discussing
some ideas to help you with The New
Street that is going to be built as soon as
possible. Because people are forgetting
(^{what} who) and where Elkesley is! So ~~enough~~
(enough of) This is what we've got.

In Elkesley we need a lot of new
shops and traffic calming. children are
fed up of the smell of petrol so
how about if we have electric cars
and charging station.

I love this
idea!

Thank you
Love Charley

Street of the charley future

The solo(s) pannel houses are very special (bea) because instead of eletricity it uses sun and wind and that makes the ^{heat} fire and eletricity. The wind turbine helps the wind create eletricity by the hands. Whenever the wind blows it crates eletricity and when the sun shines on the solo pannel it also crates eletricity.

Would you like to live in one of these solar powered houses?

Charley

Dear councillors

In class 2 we have been working very hard to come up with ideas to help you make people know about Elkesley. We have been thinking about ways to benefit Elkesley like new street lamps, traffic calming, cycle paths and electric cars also houses with wind turbines and solar panels. I have gave you lots of ideas but that's not an excuse to stop building the bypass because that needs building A.S.A.P because it will prevent accidents from happening and road safety is more important then fancy street lamps or amazing houses.

What a powerful letter
Sam.

Super presentation
and use of
punctuation!

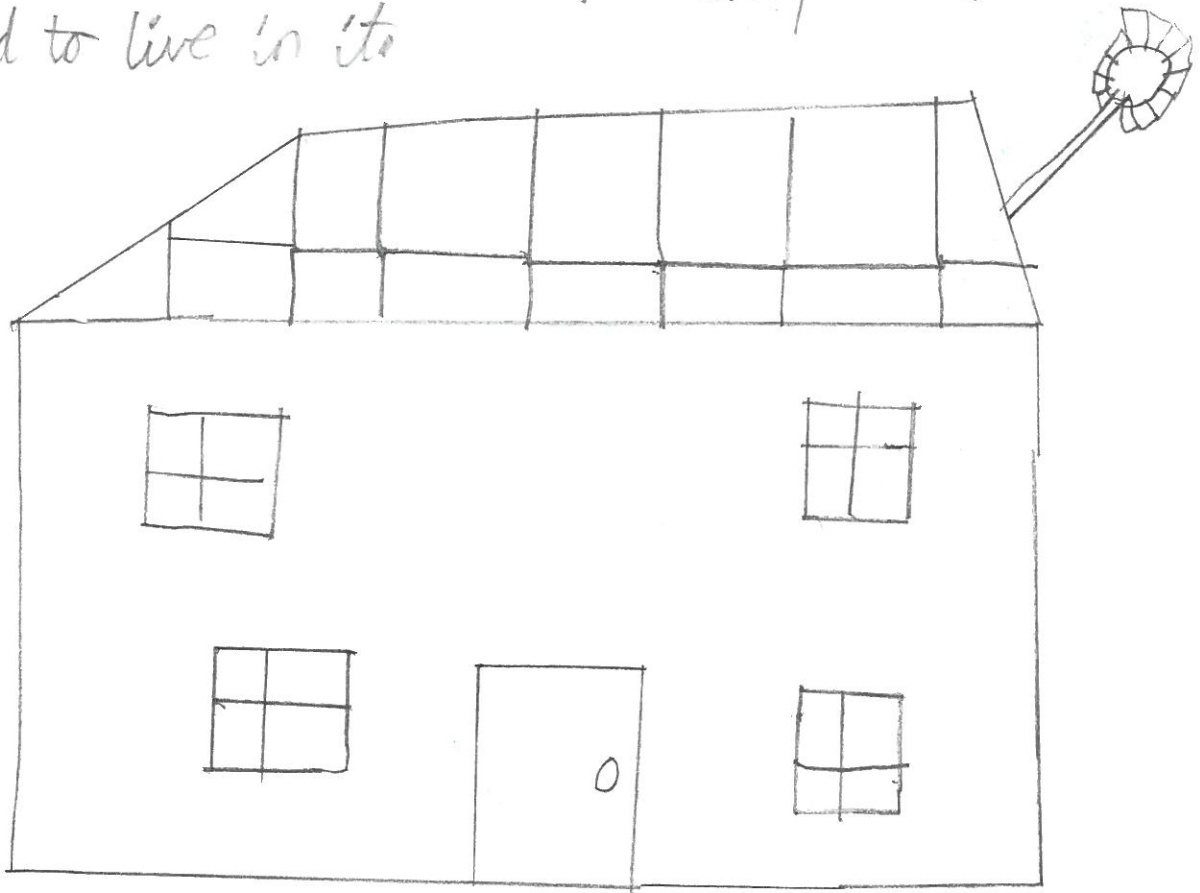

Yours sincerely Sam

Very well written -
Thank you.

Sam

Street of the future

The houses of the future have solar panels and wind turbines on their roofs which makes them eco friendly and they can produce a lot of electricity and I have been designing one. The best thing about it is it gets power from the sun and the wind and turns it into electricity. It is quite cheap and you will be proud to live in it.

I think this is an excellent idea.
I love your consideration for the
environment by making it eco-friendly.
Well done Sam!

Child's Name Heidi Sutton

5th September 2013

Dear ^{Council} ~~canche~~
I bring you this letter
because all the kids in Elkesely
are upset because Elkesely
is forgotten. So ^{our} are school
has bin discussing some
ideas I'm (gagan) guaranteed ✓
you like them I did lampost
in the wall to make people
stop bumping into them and
they are glow in the dark
so there ^{y are} deep, I truly believe ✓
that you ^{mis like} the other idea.
I've made a road that
has cat eyes what shine
brighter than the moon.

Shaun

Then I have your trust to like this
idea. It made pressure pad what
has a alarm in in the day
and a flashing thing what set
slow down. Also there's humps to
slow them down they are they
small and they have to stripes.
there is going to be a
house with solo panel on
them to get electricity on and
a wind tur bine.

Your ideas for the traffic calming were
brilliant Shaun.

You have lots of super ideas and
have tried very hard to explain them
clearly.

Well done!

6 september 2013

Dear councillors

In class 2 we have been **designing** ideas for the new street. ALSO I have thought of some things to put in E Ukesley. There is a indoor play area, new park, shops and other stuff. I hope you listen to this and we need these things because it isn't that exciting. They might like the park but people who aren't allowed to play out its not fair on them. So if you choose to ^{do} that it would be most kind. We have also thought of over lights and roads for the lights we've thought we ~~sh~~ould put lights on the wall and make a swirly one which can be on and its got lights

Yasemin 2

up and down. And for the road we think you should make cycling path. ALSO for people who can't read we think you should draw the picture on it so they know where their going.

Excellent ideas Yasemin,

you have put your points across clearly and made excellent use of punctuation.

Your lamp post design was very exciting and showed a lot of thought.
Well done!

Jake

Cars on our new street
will be electric cars.
Performance cars can kill people.

Children the fumes are
poisonous and the cars are
very fast. ✓

Child's Name Jake-staley

DN22 8AG
5th September 2013

Dear Councillors,

In class 2 we have been discussing ~~ideas~~ ^{ideas} for the A Mesley ^{the} future with walls with L.E.D.S.
I personally suggest you add some ^{zebra} ~~z~~ crossings

and traffic lights also another shop.

To conclude I ~~strongly recommend~~ ^{suggest} ~~electric~~ ^{zebra} crossings

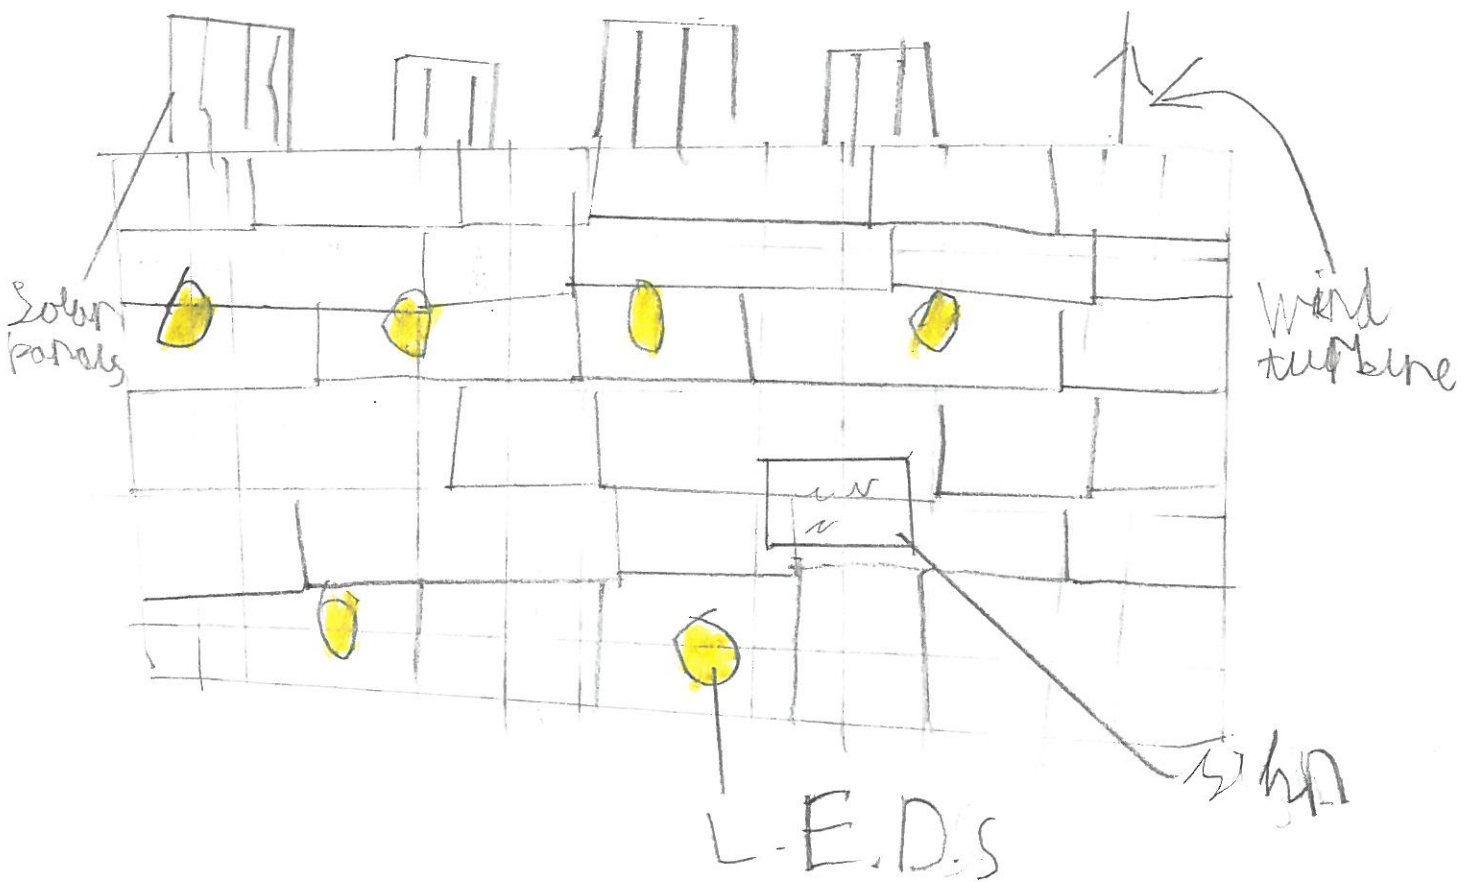

Zachary

P.S. I strongly recommend electric cars.

Zachary

The wall

The wall ~~has~~ has L.E.D. lights attachment. overhead lamps set in people's way. So we thought of this wall, but the disadvantage is the lamps might overheat. so I strongly advise you to put a "Do not touch" sign. The lights might take up energy so we could put on solar panels on, and when it gets soggy we could attach a wind turbine.

What a brilliant design for a wall! Well done!

Dear Mr Lynam

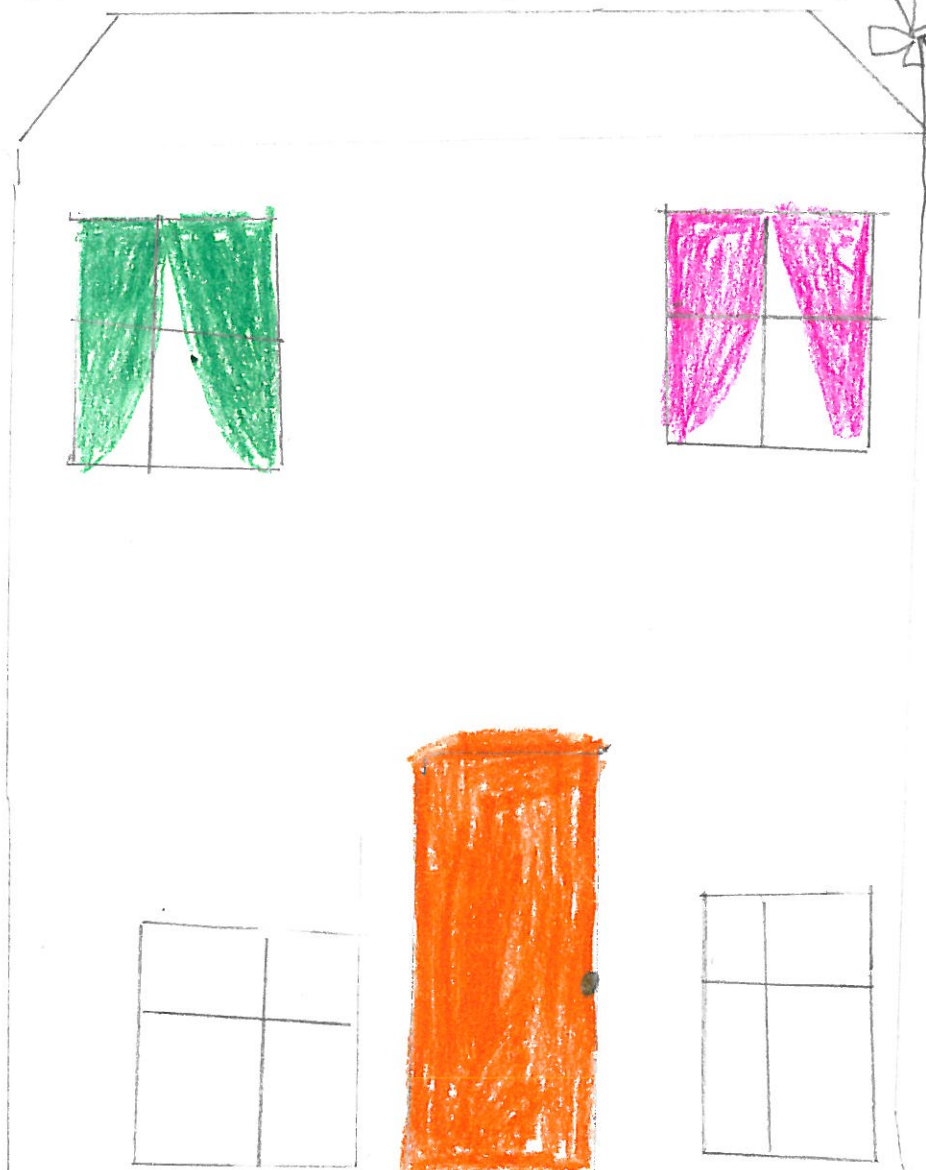

In class we have been taking about
the new street we have been looking
for a new name we have all different
names. Also we have seen designs
of road for the future we made
sola houses, electric cars and some
off bikes and bicycles. We
are speaking ^{our} systems and make
Elkesley a safe place for
to play. We are interested in
will ^{move it}  ✓

Good girl Tacey. You have really
considered putting across the environmentally
friendly ideas.
Well done!

Tacey

I have been designing a solar panel house. They have no fire the heat comes from the Sun that's why it has windows in the roof they are called solar panels they have a different shaped roofs to a normal house it has a windmill so when it is sunny you can get electricity the wind turbine controls the wind.

What a Super idea.

Elkesley The Street of the Future

The old peoples crossing is for old people that can't walk very fast. The normal crossing is for prams and pushchairs and for people the green light stays on for longer.
